

NOTES:

- 1 The Work shall be performed in accordance with the Contract Documents at the unit prices stated herein. The quantities are provided for evaluation of the Bids only, and billing will be based on the actual quantities at the unit price submitted. The TTC reserves the right to correct mathematical errors, inconsistencies or ambiguities in accordance with item 1.8 of Section 00 21 00 - Instructions to Bidders.
- 2 The Bidder must explicitly state on the Section 00 41 00 - Appendix 1 - Registration to Collect HST in Canada Declaration Form whether or not it is licensed to collect the applicable Harmonized Sales Tax (HST). The TTC will make an assessment of the applicable taxes and add the assessed amount to the Bidder's Total Evaluated Bid Price for Contract award purposes. The appropriate amount of applicable taxes will be determined and remitted by the TTC to the appropriate governmental agency for Bidders that are not licenced to collect taxes in Canada
- 3 In accordance with SC8 - Delivery and Shipping Instructions, the Contractor is responsible for customs clearance of any tools, materials, equipment or spare parts imported into Canada by it for use in performing the Work under the Contract. The Contractor is responsible for any customs duties, excise taxes and the Goods and Services Tax (GST) or Harmonized Sales Tax (HST), if applicable, assessed by the customs officials and payable to the Canada Border Services Agency.

Item No.	Description	Optional Year 3 - Pricing	Optional Year 3 - Pricing Indicate "Yes" or "No" in the space below
1	Police Transit Enforcement (Package 1)		
1.1	Supply and delivery of Full Size Hybrid Sport Utility Vehicles, in accordance with the specification PB 2306	Unit prices for each line item in Year 3 will be established based on price adjustments (price increases or decreases) passed on from the Contractor manufacturer to the Contractor, and those same price adjustments shall be passed on from the Contractor to the TTC. The Contractor will not add or apply any mark-ups to these price adjustments. Refer to Supplementary Conditions SC20 as these conditions apply. Calculations for the option years pricing will be based on the following: Year 3 pricing = Unit prices year 2 + Contractor manufacturer price increase in year 3
